

From: Bernie Cosgrove

Dear Cutler Bay Neighbor,

My late husband, John F. Cosgrove, was the founding mayor of Cutler Bay. Prior to that, John served our community in the Florida State Legislature for eighteen years.

As Mayor of Cutler Bay, John had a clear vision for our community. He pledged to promote the well being of all town residents by working to provide a safe environment, quality schools, quality parks, and a responsive government. John wanted to develop a positive identity for our town and involve our citizens at all levels of government.

Ed MacDougall shares John's vision. He advocates fiscally responsible government. That is why he stood firm in voting against raising taxes. He believes better parks, safer streets, and better schools are a solemn duty and not a mere promise. He wants our citizens to become involved in their local government and their community. He advocates an open, completely transparent government to encourage citizen involvement and input.

Ed MacDougall possesses the initiative and the leadership to carry on John's vision of shaping the beautiful Town of Cutler Bay into a dynamic community and desirable place to live. To do this, Ed needs your vote to become Mayor of Cutler Bay. Please join me on Election Day, November 2, and cast your ballot, or vote by absentee or early voting, in favor of Ed MacDougall. Help keep our community strong!

With Warmest Personal Regards,

Bernie Cosgrove
