Charter Amendment Including Right to Copy Public Records in the Citizen' Bill of Rights.

- Yes -210
- No – 211

County Question. Charter Amendment on Control of Special Purpose Districts in Municipalities

Shall the Charter be amended to allow the Board of County Commissioners to provide, by ordinance, that the governing body of any special purpose district located entirely within the boundaries of a municipality be the governing body of the municipality rather than the Board of County Commissioners as is currently required by the Charter?

County Question. Charter Amendment Including Right to Copy Public Records in the Citizens'

Bill of Rights. The public records provision of the Charter's Citizens' Bill of Rights, enforced by both private action and the Commission on Ethics and the Public Trust, currently requires public records of the County and the municipalities be open to the public only for inspection. Shall this provision be amended to also require that such records be available for copying by the public in a manner consistent with State public records law?
